LA HISTORIA ESTÁ EN LOS MUROS

CHILE 2019

Diario Mural es un relato colectivo de la historia que comenzaron a contar los muros de todo Chile tras el estallido social de octubre de 2019.

Se ha construido durante largas caminatas por las calles de Santiago, Valparaíso y Temuco, pero también gracias al aporte de amigos y personas anónimas de todo Chile quienes creen en la idea de que el relato de los pueblos no es de unos pocos, sino que se cuenta en todas partes.

Cecilia Derpich es periodista y Rodrigo Díaz es administrador público. Comparten el sueño de una vida juntos y un país justo.

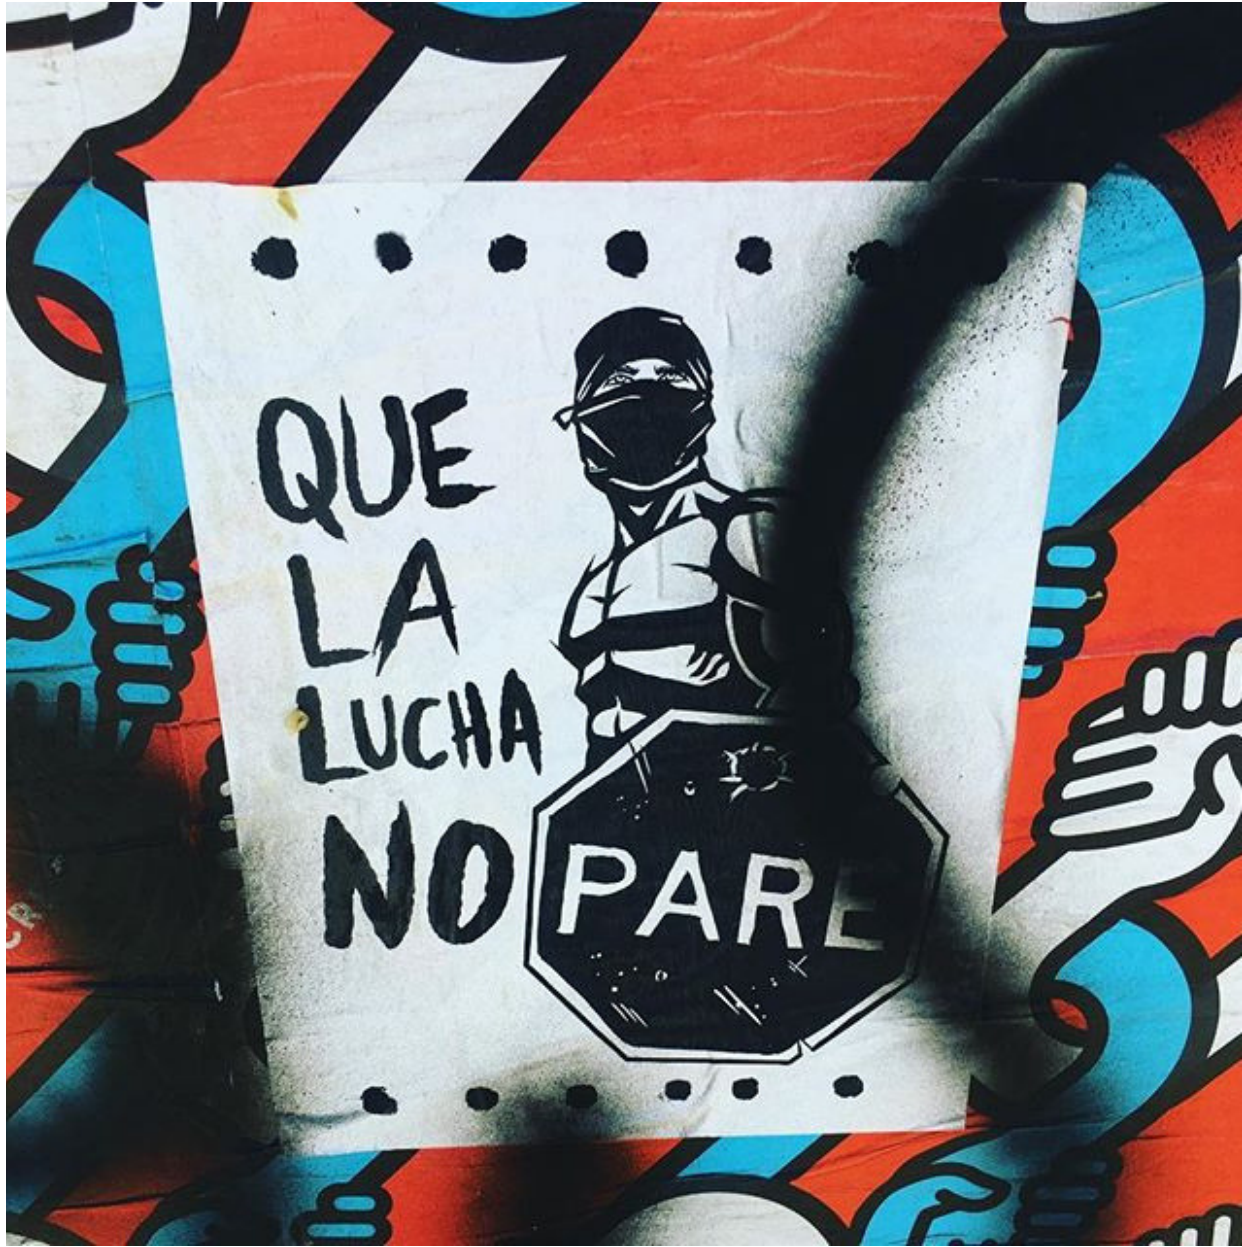

Y tú vendrás, marchando junto a mí.
